To Have No Trouble.

One way to avoid trouble is to make it impossible before it appears. On the day of the Sunday school pic nie the trolley car stopped to take a bright-eyed, middle-aged woman with six hatless boys. "Yes, we're going to the picnic," she chirped, in response won't have to stop to pick up any lost seadgear. I'm perfectly willing to take care of six boys; but there isn't ! money enough to tempt me to look after six boys and six hats."
